

Kite Welding

Powered Air Purifying Respirator - welding visor

- 1. Particule filter
- 2. Motor/fan
- 3. Clean airflow
- 4. Flip-up welding visor

DATASHEET

Product	Kite Welding
Weight	990 g (without filter), 1060 g (with filter)
Material	Motor unit: ABS Face seal: cotton, elastane Comfort pads: terry cloth
Welding visor	Shade 8: foldable
Grinding visor	Shade 1.7: polycarbonate
Headband	Adjustable (54 to 65 cm)
Filter	Particule filter
Certification	EN 12941 TH2 P R SL
Nominal protection factor	50
Airflow	Electronically controlled, 160 l/min
Operation	On-off switch
Battery	Lithium Ion, battery life > 10 hours with new filter, charging time < 4 hours
Alarm	Audible beep (filter clogging and low level battery charge)
Operating conditions	From +5 to +35°C (for comfort reasons)

This air hood for welders provides the user with reliable protection. An integrated fan creates a slight positive pressure of purified air inside the welding helmet, effectively shielding the wearer from dust from welding fumes (both solid and liquid particles). The simple operation makes the air hood perfectly suitable for repeated short interventions. The motor unit doesn't need to be worn on the belt, and a connecting hose is not required, so the air hood can be quickly put on and taken off. At times when welding is not taking place, the welding visor can be flipped up, while respiratory protection is maintained.

Ease of use

- An all-in-one PAPR device, simple and convenient, without a hose or belt-mounted motor
- Easy to use and very quick to set up
- Convenient flip-up welding visor
- The motor unit creates a clean and refreshing air flow

Performance

- The Kite Welding is TH2 P R SL certified according to EN 12941 (Powered filtering devices incorporating a helmet or hood)
- Ideal protection equipment for people with glasses or beards
- A durable product composed of parts that can be easily replaced by the user

ARBIN SAFETY PRODUCTS

Manufacturer of respiratory protection equipment

Kite Welding

Powered Air Purifying Respirator - welding visor

POWERED AIR PURIFYING RESPIRATOR

10 050 Kite Welding
including "P3" particle filter, charger, comfort pads and flow meter

COMPATIBLE FILTERS

20 009 Particle filter (piece)
TH3 P R SL according to EN 12942

20 010 Particle filter (4 pieces)
TH3 P R SL according to EN 12942

20 011 Prefilter (10 pieces)
for use with starter kit 20 013

20 013 Prefilter starter kit
consists of prefilter holder and 5 prefilters

20 016 Odour filter ammonia (2 pieces)
for use with starter kit 20 015

20 015 Odour filter ammonia starter kit
consists of prefilter holder, odour filter holder and 2 odour filters ammonia

ACCESSORIES

20 037 Fire-resistant hood
to be worn above the Kite

30 015 Charger (EU)

20 060 External battery
including cable

20 059 Storage bag

SPARE PARTS

20 031 Face seal

20 055 Comfort pads
consists of 1 front foam, 1 top foam and 1 back foam
